DEL-TON

INCORPORATED

AR-15 RIFLES - PARTS - ACCESSORIES

DEL-TON
INCORPORATED

Once again, Del-ton has had a banner year. We've added more machining capablities to increase our small part production, and in addition to last year's bolt and barrel manufacturing expansion, our in-house capabilities has allowed us to better monitor our quality control. The bottom line? Our lineup of great rifles continues to get better with each passing year.

This year's addition to our lineup includes a 5.56 x 45 Lima Keymod pistol. The pistol has a 7.5" CMV barrel shrouded in a 6.5" Samson Keymod Evolution rail. At 4.8 lbs., the Lima is both handy and a blast to shoot.

Our sponsored pro 3-Gun shooter Tommy Smith is currently ranked 21nd in the 3-Gun Nation pro rankings. In addition, Tommy has been instrumental in the development of our competition rifles. Tommy will be one to watch in 2016!

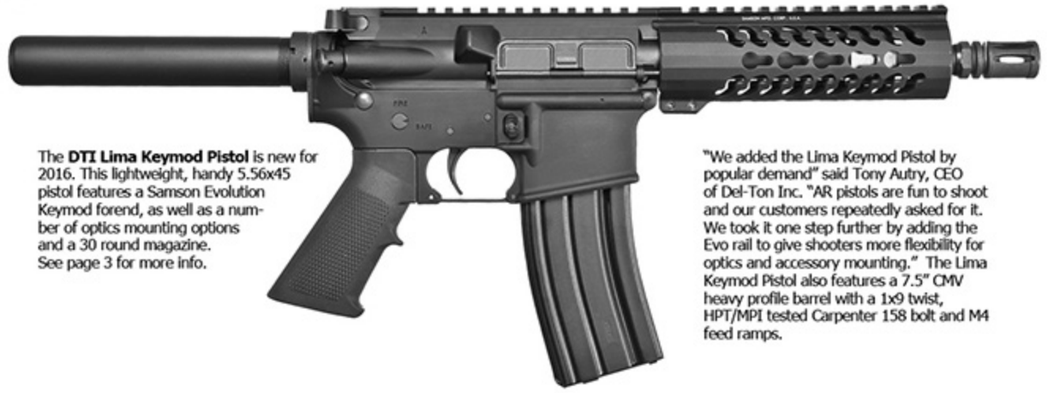
Earlier this year, we announced the addition of our Echo .308 rifle, the new Sierra 3G rifle and both are now in production. In addition, we've added an AR in 7.62 x 39. More info can be found on page 4.

We would again like to thank our loyal customers without which, our continued success would not be possible.

Tony Autry

Tony Autry
CEO, Del-Ton, Inc.

New Firearms For 2016



The **DTI Lima Keymod Pistol** is new for 2016. This lightweight, handy 5.56x45 pistol features a Samson Evolution Keymod forend, as well as a number of optics mounting options and a 30 round magazine.
See page 3 for more info.

"We added the Lima Keymod Pistol by popular demand" said Tony Autry, CEO of Del-Ton Inc. "AR pistols are fun to shoot and our customers repeatedly asked for it. We took it one step further by adding the Evo rail to give shooters more flexibility for optics and accessory mounting." The Lima Keymod Pistol also features a 7.5" CMV heavy profile barrel with a 1x9 twist, HPT/MPI tested Carpenter 158 bolt and M4 feed ramps.

New Products For 2016

Del-Ton has greatly expanded our line of high quality products from YHM, CMC, Ergo and Magpul
You can see these products in this catalog, or on our website.

Length:
23.125"

Accessories:
1 - 30rd PMag
Gun Lock

Picatinny Rail On Upper Receiver Allows Easy Optics Mounting

30 Round Magazine

Samson 6.5" Evo Handguard

Everything you need to know about Keymod Systems

The KeyMod system is intended to be used as a direct attachment method for firearm accessories such as flash light mounts, laser modules, sights, scope mounts, vertical grips, rail panels, hand stops, barricade supports, and many others. The goal is to eliminate the need for the heavy and often non-ergonomic MIL-STD-1913 accessory rails. The KeyMod system consists of two parts: the KeyMod slot and the KeyMod nut. The combination of the angled interface of the nut to the KeyMod slot and the recoil lug to the through hole make for a very strong attachment point which will not slip under harsh recoil or counter recoil.

DTI ECHO 7.62 x 39

$753.42 MSRP
Product Code R7FTH16-0

Barrel:
16" Length, 1x10 Twist CMV
Carbine Gas System

SIERRA 3G

The 2015 Del-ton Sierra 3G rifle has been finely tuned by adding a longer forend, an extremely effective muzzle break and a faster 1x8 twist chrome moly vanadium barrel. The lightweight, rock solid Samson Evolution forend has allowed us to keep weight down without sacrificing accuracy. The faster barrel twist rate and .223 Wylde chambering make this an extremely effective turn-key 3 gun rifle.

Price: $160.70

While we are not currently offering true custom rifles to those outside of law enforcement and military units, you can still build your dream rifle around your lower, by purchasing a custom complete barrel assembly or custom rifle kit. We will assemble custom kits and uppers for you to the same exacting standards we use for all of our firearms. The custom kits and uppers can be ordered directly via our website or by phone. Have questions? Please don't hesitate to call!

Optics

Del-ton offers durable, professional quality optics from manufacturers such as EoTech, Aimpoint, and Trijicon, as well as the mounts and other accessories that ensure you will get the most out of your optic and AR-15.

We also offer EoTech sight and magnifier combination packages at a lower cost than if they are purchased separately. Magnifiers with flip to side mounts give you a tremendous amount of flexibility - in a hurry if needed.

Optics

Aimpoint

OP1004 Aimpoint Comp ML2
Red dot sight has a special hard-anodized surface. Submersible to 70 ft - 10 year battery - Parallax free.
Price: $425.00

OP1003 Aimpoint Comp M2
Red dot sight has a special hard anodized surface - Submersible to 70 ft -10 year battery - Parallex free Night vision compatable.
Price: $450.00

OP1012 Aimpoint Comp ML3
The Aimpoint Comp ML3 features ACET Technology, which allows 30,000 hours of battery life. The CompML3 will hold up under the roughest physical handling and most severe weather conditions.
Price: $495.00

OP1009 Aimpoint Comp M3
The Aimpoint Comp M3 is compatible with every generation of NVD 50,000 hours of operation on one single battery (on setting 7 out of 10) Submersible to 45 meters (135 feet) - Includes a replaceable, outer black rubber cover, which protects it from scratching
Price: $545.00

OP1011 Red Dot SPOT Mark III Sport Sight
30mm red dot spotting scope 3 MOA dot and an 11 position rheostat Water resistant - 150 hour run time Includes a cantilever scope mount
Price: $164.00

Mounts for these optics are available on Page 60.

TRIJICON

OP1046 Trijicon ACOG 4x32, ARMY Rifle Combat Optic for the M150 w/ Mount
The Trijicon ACOG's are internally-adjustable, compact telescopic sights with tritium illuminated reticle patterns for use in low light or at night. Models feature bright daytime reticles using fiber optics which collect ambient light - without failure prone batteries.
Price: $1443,30

OP1045 ACOG 4x32 Scope with Green Chevron BAC Flattop Reticle - Include Flat Top Adapter.
The chevron reticle is designed to be zeroed using the tip at 100 meters. Features dual illumination (Fiber optics provides daylight illumination and tritium illuminates retide at night). The ranging reticle is calibrated for 5.56 (.223 cal) flattop rifles.
Price: $1218.05

OP1050 ACOG 3.5x35 Scope with Green Horseshoe BAC Reticle
The ranging reticle is calibrated for 5.56 (.223 cal) flat-top rifles to 1000 meters. Includes Flat Top Adapter. Features dual illumination (Fiber optics provides daylight illumination and tritium illuminates reticle at night.
Price: $1301.35

Ideal for hunting or anytime you expect to shoot at shorter distances, the AccuPoint with its illuminated aiming point will help you get the job done. The scope is illuminated through the use of fiber optics and tritium, without the need for batteries.
Price: $892.50

EoTech

OP1017 EoTech 553 DE
OP1014 EoTech 553 Bk
Uses 123 batteries. Great for 2 eyes open shooting. Night vision compatable Waterproof (submersible), fogproof, shockproof. Withstands extreme temperature variations. 30 brightness levels Equipped with a protective shroud
Price: $699.00

OP1024 EoTech 556 A65
Buttons on left side of sight (not in back) to work specifically with NV or magnifiers CR123 Lithium batteries; model with 65 MOA ring/1 MOA dot reticle. Compatible with Gen I-III+ Night Vision Systems (tandem operation) Raised 7mm base with knurled cross bolt.
Price: $589.00

OP1007 EoTech 512
Uses 2 AA batteries, Great for 2 eye open shooting. Features: waterproof, fogproof and shockproof, 20 brightness levels. Equipped with a protective shroud.
Price: $429.00

OP1033 EoTech 517
OP1025 EoTech 516
Buttons on left side of sight (not in back) to work specifically with magnifiers. The 516 employs CR123 Lithium batteries; the 517 uses two AA batteries. Both models have a 65 MOA ring/1 MOA dot reticle. Raised 7mm base with knurled cross bolt. Fits to standard 1\" Weaver dovetail/Picatinny rail

OP1033 - Model 517 1 MOA Dots with 65 MOA Circle, Uses 2 AA batteries.
Price: $469.00

OP1025 - Model 516 1 MOA Dots with 65 MOA Circle, Uses 2 CR123 batteries.
Price: $499.00

OP1027 EoTech XPS2-0
OP1029 EoTech XPS2-2
OP1042 EoTech XPS2-1
EOTech's shortest model yet and runs on a single 123 battery, with a longer battery life. Average battery life at brightness level 12 is roughly 500-600 hours. Requires at most 2 3/4 inch of rail space. Adjustment Range: +/- 40 MOA travel. Matte black with hard coat finish.
Night Vision Compatibility: None

OP1027 XPS2-0 1 MOA Dot with 65 MOA Circle and Quadrant Ticks

OP1042 XPS2-1 Single MOA Dot

OP1029 XPS2-2 2 MOA Dot with 65 MOA Circle and Quadrant Ticks

Price: $499.00

OP1030 EoTech XPS3-0
OP1032 EoTech XPS3-2
Single transverse 123 battery to reduce sight length. Battery cap and latch are eliminated and replaced with a simple O-ring, tethered cap. Average battery life at brightness level 12 is roughly 500-600 hours, Side buttons, NV compatible with a single quick detach throw lever. Waterproof to 33 ft (MIL-STD-1913) rail. Night Vision Compatibility: 10 brightness settings.

OP1030 XPS3-0 1 MOA Dot with 65 MOA Circle with Quadrant Ticks

OP1032 XPS3-0 2 MOA Dot with 65 MOA Circle with Quadrant Ticks

Price: $589.00

OP1036 EoTech EXPS2-0
OP1037 EoTech EXPS2-2
EOTech's shortest model yet and runs on a single 123 battery, with a longer battery life. Average battery life at brightness level 12 is roughly 500-600 hours. Requires at most 2 3/4 inch of rail space. Adjustment Range: +/- 40 MOA travel. Matte black with hard coat finish.
Night Vision Compatibility: None

OP1036 - EXPS 2-0 1 MOA Dots with 65 MOA Circle with quadrant ticks.

OP1037 - EXPS 2-2 2 MOA Dots with 65 MOA Circle with quadrant ticks

Price: $535.00

OP1034 EoTech EXPS 3-0
OP1035 EoTech EXPS 3-2
OP1039 EoTech EXPS 3-4
Single transverse 123 battery to reduce sight length. Battery cap and latch are eliminated and replaced with a simple O-ring, tethered cap. Average battery life at brightness level 12 is roughly 500-600 hours, Side buttons, NV compatible with a single quick detach throw lever. Weight: 11.2 oz Waterproof: Submersible to 33 ft depth Mount: 1" Weaver or (MIL-STD-1913) rail. Night Vision Compatibility: 10 brightness setting (generation I-III+)

OP1034 EXPS 3-0 2 MOA Dot with 65 MOA Circle with Quadrant Ticks Available in Flat Dark Earth

OP1035 EXPS 3-2 1 MOA Dot with 65 MOA Circle with Quadrant Ticks

OP1039 EXPS 3-4 Target Ranges with 65 MOA Circle with Quadrant Ticks

Price: $629.00

OP1054 EoTech G33 - 3x Magifier With Flip Mount
This is the 3rd Generation of L3 EOTech magnifiers. It offers a quick release throw lever on the bottom of the mount which allows the quick removal of both the optic and the mount. Available in black or dark earth.
Price: $549.00

OP1052 - EoTech HHS 1 model , 3X magnifier and Flip-To-Side mount with quick detach. $1089.00
Night Vision Compatible
OP1053 - EoTech HHS 11 model , 3X magnifier and Flip-To-Side mount with quick detach. $1019.00

Accessories

Del-ton carries only the finest stocks available. Stocks by Magpul, Vltor, Ace and Troy are built to withstand the rigors of hard daily use. All stocks are available to fit mil-spec or commercial buffer tubes. Whether you're looking for an adjustable stock for a precision rifle, or a lightweight stock for a combat carbine, Del-ton is your source.

Rifle Stocks

BS1068 Magpul MOE Carbine Stocks
The MOE is designed to be a drop in replacement for carbines using mil-spec receiver extension tubes. Adjustable for length of pull (LOP Adjust = 3.3") Designed for light, fast action the streamlined A-frame profile avoids snagging and shields the release latch to prevent accidental activation. **Available in Mil-Spec and Commercial Versions**
Price: $37.95 (Stock Only)

BS1097 Magpul ACS-L Carbine Stocks
The Magpul ACS-L (Adaptable Carbine Stock - Light) is a drop-in replacement buttstock for AR15/M16 carbines using mil-spec sized receiver extension tubes. A streamlined version of the ACS, the ACS-L utilizes the same center storage compartment and cheek weld but removes the battery tubes for a slimmer, lighter weight package. Black, od green and dark earth.
Available in Mil-Spec and Commercial Versions
Price: $75.95 (Stock Only)

BS1061 Magpul CTR Carbine Stocks
The CTR is designed to be a drop in replacement carbine stock body. Adjustable for length of pull (LOP Adjust = 3.5") Features a unique locking mech that friction locks the stock to the buffer tube for zero movement.
Available in Mil-Spec and Commercial versions
Price: $56.95 (Stock Only)

BS1095 Magpul STR Carbine Stocks
A storage-capable version of the CTR, the STR has improved cheek weld and two water resistant battery tubes on a compact, reinforced polymer A-frame design. A shielded operation lever and supplemental friction locking system prevent accidental operation and minimize excessive stock movement for enhanced weapon stability and accuracy. The STR incorporates two integral sling loops, a reversible push-button QD sling mount, and a replaceable 0.30" rubber butt-pad. Available in black, od green and dark earth.
Available in Mil-Spec and Commercial Versions
Price: $75.95 (Stock Only)

BS1065 Magpul UBR Carbine Stocks
The Magpul UBR (Utility/Battle Rifle) is a fully-featured adjustable buttstock for the AR15/M16. The UBR provides extra counterbalance weight to improve handling on full-length rifles and weapons with muzzle-heavy accessories or grenade launchers. Offering the stability of a fixed stock with consistent cheek weld in any position. Seven-position length of pull (LOP) adjustment. Available in black, od green and dark earth.
Price: $251.75 (Stock Only)

BS1066 Magpul ACS Carbine Stock
The ACS is designed to be a drop in replacement carbine stock body. A streamlined, profile shields the release latch to prevent accidental activation. Dual, rear accessible, water-resistant battery storage tubes and an integral storage compartment in the butt provides multiple storage options.
Available in Mil-Spec and Commercial versions.
Price: $85.45 (Stock Only)

Rifle Stocks

BS1060 Magpul AR15/M16 PRS Stocks
Designed to be a field precision stock. Adjustable for both height and length of pull. Uses stock A1/A2 rifle receiver extension (buffer tube) without the A2 spacer. Billet machined buttplate, stainless steel shafts and Aluminum ball detent knobs. Body features removable end cap and integrated Picatinny rail mount. Weighs 28oz, LOP Adjust=1", Height Adjust=.6"
Price: $242.25 (Stock Only)

BS1099 Magpul MOE Rifle Stocks
The MOE is designed to be a drop in replacement for carbines using a stock A1/A2 rifle receiver extension (buffer tube) without the A2 spacer. Designed for light, fast action the streamlined A-frame profile avoids snagging and shields the release latch to prevent accidental activation.
Price: $66.45 (Stock Only)

BS1101 Magpul MOE Fixed Carbine Stocks
The MOE Fixed Carbine Stock – Mil-Spec Model provides a fixed, non-collapsing stock option for carbine-length buffer tubes. The MOE Fixed Carbine Stock has a slim profile, improved cheek weld, and multiple sling attachment options,
Price: $28.45 (Stock Only)

BS1104 Magpul SL (Slim-Line) Carbine Stocks
The MOE SL Stock - Mil-Spec Model (MOE Slim Line) is a drop-in replacement buttstock for AR15/M4 carbines using mil-spec sized receiver extension tubes. The sleek profile, dual-side release latches, rolled toe, and angled rubber butt-pad are optimized for use with body armor or modular gear and provides for efficient shoulder transitions.
Price: $56.95 (Stock Only)

BS1003 Vltor Std Rifle Stock
Stock is lightweight, strong, impact, temperature and chemical resistant. Stock uses A2 buttstock tube, standard buffer and spring. Includes: 2 standard compartments with caps Uncle Mike's sling swivel, cheek weld adapter mounting screws.
Price: $119.95 (stock only)

Grips

NEW For 2016

GP1070 Magpul MLOK MVG Grip
The M-LOK MVG is a light weight, inexpensive vertical foregrip that attaches directly to M-LOK compatible hand guards and forends with no additional Picatinny rails required.
Price: $21.81

GP1071 Magpul M-LOK AFG (Angled Fore Grip)
The result of research and refinements done to the original AFG and AFG-2. By integrating the direct-attach M-LOK mounting system with minimalist construction Magpul were able to produce a high strength grip that only weighs 1.2 ounces, including hardware. Even though the M-LOK AFG is more compact it continues to take into account the natural body mechanics to provide a comfortable and stable user interface. **Price: $25.60**

GP1055 Magpul MOE MVG Grip
Designed for use with MOE handguards. Light weight, cost-effective vertical fore grip. OD Black or FDE. **Price: $18.95**

NEW FOR 2016

Falcon Industries, Ergo Xpress Lever Aluminum Vertical Grip attaches to rails.
Price: $50.00

GP1016 Ergo Xpress Lever Broomhandle
Quick release vertical grip with internal storage.
Price: $58.00

GP1015 Ergo Handguard Mounted Vertical Grip
Grip attaches directly to handguards without the use of a rail. Grip is hollow for accessories
Price: $32.00

GP1001 Vertical Grip
Injection molded Vertical Forward Grip, extremely durable and tough. Slide rail mount to Picatinny rails with cross bolt section. *Dual Use, compatible with rifles and shotguns.
Price: $20.00

GP1058 Magpul AFG
The Magpul AFG (Angled Fore-Grip) takes into account natural body mechanics and provides a comfortable and stable user interface that reduces fatigue and allows for more precise weapon control. Black, OD or FDE
Price: $33.20

GP1059 Magpul AFG-2
The Magpul AFG (Angled Fore-Grip) Black, OD or FDE **Price: $33.20**

Slings & Apparel

AS1007 AR-15 Lightweight Sling
Black nylon with two plastic slide buckles. 1 1/4" wide
Price: $4.95

AS1094 Magpul MS3 Single Point QD Sling
Heavy-duty push-button QD sling swivel for one-point attachment. Light weight yet durable hardware made with hardened steel and/or heavy-duty polymer Paraclip™ shackle allows for fast transition between one-point and two-point configuration. Custom 1.25 inch wide nylon webbing material. Adjustment loop for adding or removing sling tension in two-point mode with a single-hand. Available in black and coyote. **Price: $55.05**

AS1095 Magpul MS3 Multi-Mission Sling
Used in conjunction with the Magpul ASAP® plate (sold separately), the MS3 enables seamless transitions into an array of shooting positions without getting bound or fouled. The MS3 concept allows switching from Weapon Shoulder to Reaction Shoulder for shooting around corners, under vehicles, or to minimize exposure. Available in black and coyote. **Price: $47.45**

AS1077 Troy Three-Point Sling
A simple yet versatile non-padded 3-point sling system featuring ITW infra-red inhibitor buckles and a Velcro stock attachment system that accommodates almost any stock type from fixed A2/4 to collapsible M4 style. The three-point design offers enhanced stability for larger weapon systems and is ideal for people who like one-point slings, but have to travel over terrain.
Price: $21.50

AS1076 Troy Two-Point Sling Black
AS1076DE Troy Two-Point Sling FDE
Troy's new rapid adjust sling utilizes one inch webbing, ITW infra-red inhibitor buckles and a quick detach front bungee system for easier travel over tough terrain while carrying a heavy weapon. The bungee system which is now available separately, may be added to most two-point slings on the market with Troy's new sling extension. **Price: $28.50**

AS1074 Troy One-Point Sling
You need Troy's capable and comfortable One Point BattleSling. The cushioned, non-slip shoulder pad is reversible for strong or weak-side carry. A tri-glide system, with emergency strap, positions the weapon anywhere on the shooter's chest for hands-free carry. **Price: $34.95**

AS1075 Troy Two-Point Sling
Troy's new rapid adjust sling utilizes one inch webbing, ITW infra-red inhibitor buckles and a quick detach front bungee system for easier travel over tough terrain while carrying a heavy weapon. The bungee system which is now available separately, may be added to most two-point slings on the market with Troy's new sling extension. **Price: $37.95**

AS1078 Troy One-Point Sling Extension
Shock cord sling extension update for older Troy slings. Features - High strength stretch strap in MIL-SPEC tubular nylon webbing for comfort and flexibility. **Price: $17.50**

AS1079 Black or AS1079DE FDE Troy Two-Point Sling Extension
Shock cord sling extension update for older Troy slings. Features - High strength stretch strap in MIL-SPEC tubular nylon webbing for comfort and flexibility. **Price: $18.50**

ORDERING FROM DEL-TON

Customers and dealers can order by visiting at www.del-ton.com. Setting up an account is very simple and will allow you the convenience of placing future orders without having to re-enter all of your billing and shipping information. You are also able to easily track the progress of your orders.

Your personal information is NEVER sold or given away.

You will find the Del-Ton product code at the beginning of each product description; this is the number you will need for ordering or to search for that item on the Del-Ton website. **Please note:** Many of our products are offered in two or three colors. Pull-down menus on each page allow you to select each option available for the product in which you are interested.

Dealers may order on the website or by purchase order.

Shipping for web orders is automatically calculated prior to submitting payment information. Add items to your cart and proceed to the Checkout page where you can see shipping method choices and costs. Orders must have a U.S. billing and shipping address.

Military/Law Enforcement Customers
All of us at Del-Ton appreciate the bravery and dedication of the men and women who serve in our armed forces and in law enforcement. As a token of our appreciation, we offer a discount to former and active duty military and law enforcement personnel. Please call 910.645.2172 for details.

Customer Service
At Del-Ton, we are proud of our reputation for outstanding customer service. We listen to our customers. We use the comments and feedback we receive to make improvements and better serve the AR-15 community by offering the finest in AR-15 rifles, parts, and accessories.
